Critical Information Summary

NBN Fibre plans

Information About The Service

The service:

The NBN Fibre service is a broadband Internet service that uses the NBN Optical Fibre Access Network to deliver Internet connectivity at the Network Boundary Point at your premises.

The NBN Fibre service is only available within an NBN Fibre ready service area. NBN Fibre availability can be checked using the online coverage checker at: <http://retail.apcs.com.au/ezy2/members/>

Standard installations are completed with a charge of \$33 to you. Non-standard installations may require you to pay additional charges, including the \$300 new development charge imposed by the NBN. You will require an NBN-compatible router if you want to connect multiple devices at once. The router will need to be WiFi or VoIP enabled if you want to connect wireless devices. APCS can provide you with a WiFi modem at an additional cost.

Mandatory components:

You will require a modem/router for this service. The monthly fee does not include the cost for a modem/router but you may purchase one from us at an additional cost. Please contact us for further information

Minimum term:

The service is available with a minimum term of 12 months or 24 months.

Important conditions:

This service may not be available at your location. Please go to <http://www.nbnco.com.au/connect-home-or-business/check-your-address.html> or call us to find out if you can be connected to this service at your location.

This service provides you with a dynamic IP address. Static IP addresses can be purchased at an additional cost. Please contact us for further information.

Maximum monthly charge:

The maximum monthly charge depends on whether you choose to renew your data allowance before the end of your current usage month. To reset your data allowance you can call or email us any time by calling 1300300056 or by sending an email to support@key.net.au. You will be charged your standard monthly plan amount again for that month. If you exceed your monthly download limit your service will be speed shaped, 256KBPS, no excess is charged.

Early termination charges:

If you cancel your service prior to the end of your contract term you will incur early termination charges. This fee is \$200 .

Other Information

Usage information:
